CM/ECF Maintain User Accounts

All CM/ECF users will be issued an account with a user login and password. The CM/ECF login provides registered users the ability to submit pleadings electronically to the court. Public users (attorneys, trustees, and creditors) must also log into PACER to inquire on cases or look at reports. Existing PACER logins and passwords will be accepted.

Non-court users can access their own account information through the Maintain Your ECF Account menu. Using this option, participants can update their name, mailing and E-mail addresses, phone and fax numbers, and password. Users can therefore control the accuracy of their own information in a timely manner.

This module explains how attorneys, trustee and creditors can update:

- user name, address and other party data
- ♦ E-mail information
- electronic noticing preferences
- user passwords.

This module will assume that the internet user has accessed the court's web site with their court assigned CM/ECF login and password.

After clicking on **Utilities** on the CM/ECF Main Menu bar, select Maintain Your ECF Account, which is found under the **Your Account** sub-menu. (See Figure 1.)

STEP 2 Your user account screen will appear displaying your current account information. (See Figure 2.)

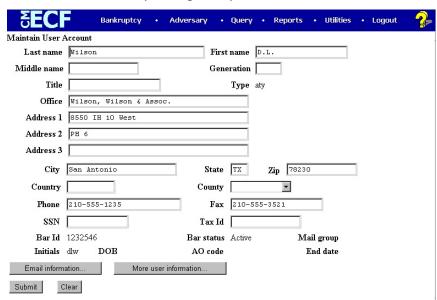

Figure 2

- Update your personal information on this screen. When it is correct, click [Submit] to save the changes. If the [Submit] button is not used, the record will not be modified.
- ♦ The [Email information...] and [More user information] buttons provide further screens to modify your user profile. The following pages will explain these features in more detail.
- STEP 3 The E-MAIL INFORMATION screen presents options for control of your electronic notification on each court's CM/ECF system.
 (See Figure 3.)

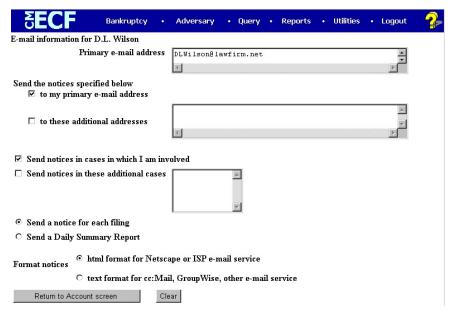

Figure 3

You can request e-mail copies of notification on all cases to which you are a party or only on specific cases. You can receive e-mail activity throughout the day or a daily summary of all noticing activity. "All activity" includes notification of claims as well as other entries to a case.

Each e-mail will include the case number and name of the docket entry in the subject line of the mail message.

Each section on the E-MAIL INFORMATION screen is explained below:

- Primary E-mail address. This address must be formatted to Internet protocol or an error will be generated. It may be prudent to establish a separate E-mail account for CM/ECF activity from your routine E-mail correspondence.
- ♦ Send the notices specified below...
 - □ to my primary E-mail address

 To activate CM/ECF notification you must first check the box next to your E-mail address.
 - □ to these additional addresses

 You may have notices sent to other E-mail addresses besides
 your primary E-mail address. (Paralegals or chambers staff may
 want to share this notification activity.) When entering multiple Email addresses, separate each address with a semi-colon.

☐ Send notices in cases in which I am involved

Checking this box will automatically inform the user when any filing has been submitted in a case where this person is a participant. Chapter 7 panel trustees and offices of the U.S. Trustee may find this advantageous for new filings as well as routine case activity.

☐ Send notices to these additional cases

You do not have to be a participant in a case to receive notification of activity. Trustees and attorneys can elect to be notified of activity in cases in which they have an interest but are not parties to the case. Court and chambers staff can monitor cases through this process also. It is possible to select both options.

NOTE: This list is maintained by each user. As you are involved in more cases or as cases close, you must update this screen.

♦ Send a notice for each filing.

Checking this box means you will receive E-mail notices when activity occurs throughout the day to the account(s) specified above. The title of the E-mail will describe the type of filing and the case number.

♦ Send a Daily Summary Report

A comprehensive list of one day's activity can be sent once a day. Notifications for claims will also be included in this mail list. (See Figure 3a.)

A Summary report includes the case numbers and titles of cases in which activity occurred for that day. The text of the Summary E-mail notification will display the docket event and the document number (including the hyperlink).
